LINDSEY WIXSON

Having walked in all the big shows, including Prada, Chanel and Marc Jacobs, and done campaigns for Miu Miu, Versace and John Galiano, she's the breakout model of the year.

MATHIEU LEHANNÉUR

His new L'Atelier des Enfants and Studio 13/16 at the Centre Pompidou in Paris are basically the cool youth hangout spots in an already wildly cool public space.

GASPAR NOÉ

The Argentine-French director has long been as *terrible an enfant* as it gets. His latest drug-fueled masterpiece, "Enter the Void," is a marathon of innovative editing, cinematography and storytelling bound to influence generations of filmmakers.
